By signing the consent form, you agree to our conditions: -		
 Treatment can only be carried out when the pet is compliant, we reserve the right to stop treatment at any time for the patient and our safety. All treatment provided has risks. Such as bleeding after nail trimming, allergic reaction etc. We will work hard to avoid such issues occurring, but if they do, we do not take responsibility. You have an allocated slot for your pet's treatment, if you arrive 10mins late the treatment will need to be postponed until another date, unless we have availability in the diary to fit you in. A £10 late fee will need to be paid, when 48hrs notice is not given. We use humane muzzles where necessary, to avoid injury to staff when trimming around the feet and nail clipping. We can't guarantee quick and major results from the treatment.
